## **Feature Article Template**

Documenting Indian Works and Contributions for IT Innovations

### **Title:**

### **Abstract / Description**

Provide a concise summary (150-250 words) of your research work. Include the problem statement, proposed solution/innovation, methodology, key findings, and implications.

### **Keywords:**

(SEO Tags)

### **Article Content:**

### **Writing Tips**

- Hook readers with a strong opening line
- Use subheadings to break up long sections
- Include real-world examples or case studies
- Keep paragraphs 3-4 sentences for readability
- End with actionable takeaways or next steps
